

AdSS Fiber Optic Cable Sales

Overview

ADSS fiber optic cable is a highly efficient solution for aerial deployments—especially in telecom and power grid projects.

Key Takeaways

ADSS (All-Dielectric Self-Supporting) fiber optic cables are available for direct purchase from multiple suppliers, offering customizable fiber counts, span lengths, and jacket types for aerial installations.

ADSS cables are all-dielectric, non-metallic, and self-supporting, designed for aerial installation along power lines without the need for a messenger wire. They are ideal for electric utility transmission, telecom, and FTTH projects, capable of withstanding harsh environments and high-voltage conditions. Typical features include gel-filled or gel-free buffer tubes, aramid yarn strength members, polyethylene or tracking-resistant outer jackets, and water-blocking systems. Fiber counts range from 12 to 432 fibers, with span lengths up to 3,500 feet depending on design requirements (AFLglobal.com) .

Direct Sales Suppliers

- AFL Global – Offers custom ADSS cables with options for single-mode, multimode, and BABA-compliant fibers, including high-voltage tracking-resistant jackets. They provide quotes based on project specifications and support live-line installation (AFLglobal.com) .

- Fiberinthebox – Supplies 12-fiber single-mode ADSS cables with polyethylene sheaths, available in spans from 50 to 400 meters. Pricing is per meter, with discounts for larger quantities (Fiberinthebox.com) .
 - Fiber Instrument Sales – Provides ADSS cables for aerial and duct applications, including single-mode and laser-optimized multimode fibers. No messenger wire is required, reducing installation time and labor costs (Fiberinstrumentsales.com) .
 - American Tech Supply – Offers a wide range of ADSS cables from 6 to 864 fibers, including gel and gel-free options, with Telecordia-approved and ITU-T G.652 compliant fibers. They provide fast lead times (less than 7 weeks) and bulk order support for carriers, municipalities, and contractors (Americantechsupply.com) .
 - Honelinks – Provides factory-direct ADSS cables from China, with customizable spans (50–800 meters) and fiber counts, offering competitive pricing and global shipping (Honelinks.com) .
- Pricing Considerations

ADSS cable prices vary based on fiber count, span length, jacket type, and environmental resistance. For example:

- A 12-core cable for short spans (≤ 100 meters) may cost \$0.25–\$0.35 per meter.
- A 48-core cable for long spans (≥ 500 meters) with reinforced jackets may cost \$0.90–\$1.20 per meter (Honelinks.com) .

Recommendations for Direct Purchase

- Specify project requirements: fiber count, span length, voltage environment, and jacket type.
- Request quotes from multiple suppliers to compare pricing and lead times.
- Consider bulk orders for cost efficiency, especially for large-scale FTTH or utility projects.
- Verify compliance with standards such as Telecordia, ITU-T G.652, and NESC loading conditions. For immediate procurement, contacting suppliers like AFL Global, Fiberinthebox, or American Tech Supply is recommended to obtain custom quotes, technical support, and delivery schedules.

ADSS Fiber Cables

We stock BABA ADSS Cable and Made in America ADSS Cable. As a distributor, we work with multiple manufacturers, but Fujikura

adss fiber optic cable provider-Fiberinthebox

Buy ADSS fiber cables from fiber optic cable providers, Fiberinthebox. Stocking distributor of ADSS fiber optic cable with cheap price

ADSS Fiber Cable | All-Dielectric Self-Supporting Fiber Optic Solutions

Shop ADSS fiber optic cables designed for aerial installations. All-dielectric, self-supporting fiber ensures durable, high-performance

ADSS Fiber Optic Cable | All-Dielectric Self-Supporting Aerial Cable ...

AFL-ADSS (All-Dielectric Self-Supporting) fiber optic cable is a non-metallic cable which supports its own weight without the use of

All Dielectric Self Supporting (ADSS) Cable

All Dielectric Self Supporting cable or more commonly referred to as ADSS cable is a type of fiber optic cable that is used in aerial

Incab America LLC: Fiber Optic Cable Manufacturers & Company

Discover Incab America, a fiber optic cable manufacturer in the US and leading fiber optic cable company for aerial, ADSS and

Fibre Optic Cable

Cable Applications is a leading South African distributor of Fibre Optic Cable including Heavy Duty Duct Single Mode Cable and

ADSS Fiber Optic Cable: What You Should Know

ADSS (All-dielectric Self-supporting) optical fibre cable is a type of self-supporting aerial fiber optic cable designed for

Fiber Optic Cable Manufacturer & Supplier | ZTO Fiber Cable

Leading China fiber optic cable manufacturer. We supply aerial, duct, buried, and indoor cables. High-quality, ISO certified & factory

Cable Assemblies

Our sales representatives will assist by specifying the right choice and pricing. Fiber optic technology often mandates assemblies

ADSS Fiber Optic Cables Types Prices & Technical Specifications

What Is ADSS Cable? ADSS cable is a type of fiber optic cable that is strong enough to support itself between structures without

ADSS fiber optic cable price | A Complete Buyer's Guide

ADSS fiber optic cable is a highly efficient solution for aerial deployments—especially in telecom and power grid projects. However,

ADSS Fiber Optic Cable: Complete Guide To Aerial Self-Supporting ...

Complete guide to ADSS fiber optic cable — structures, PE vs AT jackets, installation hardware, voltage ratings, span selection, and

Prysmian 144 Count ADSS Fiber Cable - Prysmian 144 Strand ADSS

American Tech Supply stocks Prysmian 144 count ADSS cable, with 144 strand Fiber Cable, 144 strand Ribbon Cable, 144 strand

ADSS Aerial Cable, ADSS Fiber Cable, AFL Telecommunications

DRAKA Telecommunications' Drop Cable or ADSS cable is specifically designed for Fiber-to-the-Subscriber and accommodates self

All Dielectric Self Supporting (ADSS) Cable

All-Dielectric Self-Supporting (ADSS) cable is designed for outside plant aerial and duct applications in local and campus network

ADSS Fiber Optic Cable

Shop ADSS all-dielectric self-supporting fiber optic cable for aerial spans - multiple fiber counts and span ratings. Ships nationwide.
