

Canadian Distributor Network Patch Panel 8 Cores

Overview

Patch Panels Find blank, fiber-optic and network patch panels for your next data-network install at ADI Global. Patch Panels Networking Patch Panels - CAT5.

Key Takeaways

The Panduit CDPP8RG-S Mini-Com 8-Port DIN Rail Shielded Patch Panel is a widely available 8-core network patch panel in Canada. Product Overview

The Panduit CDPP8RG-S is an 8-port DIN rail mount patch panel designed for industrial and commercial network installations. It is constructed from high-impact polycarbonate and features shielded copper ports for enhanced signal integrity. The panel is compatible with any Mini-Com® module occupying a single space, making it versatile for structured cabling systems .

Key Features

- Port Count: 8 ports (8 cores)
- Mounting: Standard 35mm DIN rail with adjustable latches; can also be mounted on other surfaces using latch holes
- Material: High-impact polycarbonate for durability
- Labeling: Includes Ultimate ID® labels and clear label covers for easy port identification

- Accessories: Screws for faceplate attachment included
 - Shielding: Copper shielded for reduced interference and improved network performance
- Canadian Distributors
- ADI Global Distribution Canada: Offers the CDPP8RG-S with product details and ordering options
 - CDW Canada: Provides the IndustrialNet DIN Rail Patch Panel with leasing options for businesses
 - Lumen Canada: Stocks the Panduit IndustrialNet 8-port modular patch panel, suitable for Category 6 installations
 - Other Retailers: Amazon.ca and AartechPro.ca also list various patch panels, including 8-port options, for network installations
- Applications

This patch panel is ideal for:

- Industrial network racks and enclosures
- Structured cabling in commercial buildings
- Environments requiring shielded connections to minimize electromagnetic interference
- Easy identification and management of network ports through labeling

Summary

The Panduit CDPP8RG-S is a reliable, shielded 8-core patch panel suitable for DIN rail mounting in Canadian industrial and commercial networks. It is widely available through distributors like ADI Global, CDW Canada, and Lumen, offering flexibility in installation and network management .
