Cable tray prices in Chad vary widely depending on type, material, and size, typically ranging from \$10 to \$50 per meter for standard galvanized or perforated trays. Factors Affecting Cable Tray Cost

The cost of cable trays in Chad depends on several factors:

- **Material:** Galvanized steel, stainless steel, aluminum, and PVC are common. Galvanized steel is durable and moderately priced, while stainless steel is more expensive due to corrosion resistance .
- **Type:** Ladder trays, perforated trays, and raceways differ in design and manufacturing complexity. Ladder trays are often slightly more expensive than perforated trays due to structural strength .
- **Size and Length:** Longer trays or custom dimensions increase cost. Standard lengths are usually 2–3 meters per section.
- **Supplier and Import Costs:** Many suppliers in Chad, such as Brilltech Engineers, Jeetmull Jaichandlall, and Cable House, import or locally manufacture trays. Shipping, taxes, and import duties can affect final prices .
