

Direct Sales of China-Africa Traction Optical Cable Manufacturer

Overview

Fiber Optic Cable Manufacturer & Supplier In ChinaZTO Fiber Optic Cable Company is a national high-tech enterprise specializing in the Fiber Optical Cable.

Key Takeaways

YOA Cable and Weichuang Optics offer direct sales of high-quality optical fiber cables from China to Africa, providing factory-direct pricing, advanced manufacturing, and customized solutions.YOA Cable (Yangtze Optics Africa)

YOA Cable, based in KwaZulu-Natal, South Africa, is a joint venture between Yangtze Optical Fibre and Cable (YOFC) from China and Mustek Limited. Established in 2016, it has become one of Africa's largest optical fiber cable manufacturers . The company leverages YOFC's global expertise, including three manufacturing platforms (OVD, VAD, PCVD), ensuring high-quality optical fiber production . YOA Cable recently expanded its facility to 14,000 square meters, making it the largest optical fiber cable plant in Africa . This expansion supports local production, reduces dependency on imports, and enables direct collaboration with telecom operators to supply cost-effective, fit-for-purpose products . Their Fast Fusion Technology (FFT) simplifies installation, reduces accidental damage, and minimizes the need for specialized equipment .

Weichuang Optics

Weichuang Optics, based in Jiangsu, China, operates a 20,000 square meter facility with over 35 production lines and around 300 skilled staff . They specialize in fiber optic cables, connectors, patch cords, and customized optical solutions. Factory direct sales allow clients to reduce purchasing costs while ensuring ISO9001:2015 compliance for durability, stability, and reliable data transmission . Their products are widely used in data centers, telecom networks, and high-speed transmission applications, offering low insertion loss, large return loss, and easy installation . Weichuang Optics also provides free samples for new clients, comprehensive customer support, and after-sales service, making them a reliable partner for long-term projects .

Key Advantages of Direct Sales

- **Cost Efficiency:** Purchasing directly from manufacturers reduces intermediaries and lowers overall costs .
- **Customization:** Both YOA Cable and Weichuang Optics offer tailored solutions to meet specific network requirements .
- **High Quality:** Compliance with international standards ensures reliable performance for telecom and data infrastructure .
- **Local Support in Africa:** YOA Cable's South African facility enables faster delivery, local expertise, and easier collaboration with regional operators .

Conclusion

For businesses or telecom operators in Africa seeking traction optical cables, YOA Cable provides a strong local manufacturing presence with Chinese expertise, while Weichuang Optics offers direct factory sales from China with customizable solutions. Both options ensure high-quality, cost-effective, and reliable optical fiber products suitable for large-scale network deployment . For inquiries or to initiate direct sales, you can visit YOA Cables or Weichuang Optics to request samples and discuss tailored solutions.
