

Distribution box with 400A meter

Overview

300A and 400A Meter Main Breaker Box These higher-amperage Meter-Combination Electrical Panels are engineered to provide increased power and flexibility.

Key Takeaways

The unit is rated for 400A with a copper busbar. Depending on the upstream protection and tenant circuit breaker, the unit can have a short circuit current up to 100kA. Eaton's NEC 2023-compliant 400 A meter breaker offers solar-ready capacity, integrated surge protection, and compartmentalized enclosures for enhanced safety. The compact footprint makes them. These higher-amperage Meter-Combination Electrical Panels are engineered to provide increased power and flexibility. Why Use Rubberbox? If you can think of it we can build it.
