

Dutch Tray Cable Tray Company

Overview

When fitting cable trays and their accessories, the products are cut on site to create changes of direction, adjust sections, etc.

Key Takeaways

Leading Dutch cable tray manufacturers include CC Nederland B.V., Gouda Holland B.V., and Staalbouw Dijkstra, offering stainless steel, aluminum, and fiberglass solutions for industrial and marine applications.

CC Nederland B.V. specializes in stainless steel cable trays (AISI 304) with excellent corrosion resistance and durability. Their SILTEC trays come in lengths of 3000 mm, widths from 25 mm to 600 mm, and heights from 25 mm to 125 mm. They offer custom dimensions, rounded designs for cable protection, and patented locking systems for easy access and secure fastening, suitable for flexible and expandable installations. Gouda Holland B.V., part of the Niedax Group, provides a wide range of cable ducts and trays, including light, medium, and heavy-duty versions. Their systems feature continuous longitudinal slot perforations, integrated coupling connections, and options for fully closable lids with quick-release fasteners. They also offer glass fiber reinforced polyester (GRP) trays, which are UV, corrosion, and chemical resistant, lightweight, and halogen-free, ideal for industrial, marine, and machine-building applications. Staalbouw Dijkstra manufactures and supplies cable trays in aluminum, stainless steel, Sigmaweld, and steel, delivering across the Netherlands. They provide a full range of sizes and formats, ensuring rapid delivery and direct support for installation projects. Brilltech Engineers also supplies cable trays in the Netherlands, offering galvanized steel, stainless steel, and fiberglass trays. Their products focus on durability, airflow, and cable protection, with professional support for system design, installation, and maintenance.

Considerations for Selection

- **Material:** Stainless steel for corrosion resistance, aluminum for lightweight applications, fiberglass for chemical and UV resistance.
- **Load Capacity:** Choose light, medium, or heavy-duty trays depending on cable weight and industrial requirements.
- **Customization:** Many manufacturers offer custom dimensions and specialized fittings for complex installations.
- **Installation Support:** Some suppliers provide engineering support, planning, and on-site assistance. These manufacturers provide comprehensive solutions for industrial, marine, and commercial cable management, ensuring compliance with safety standards and long-term durability.
