

Egyptian FRP Cable Tray Manufacturer

Overview

Leading Cable Tray Manufacturers in Egypt: Delivering Precision and Quality Looking to buy a Cable Tray in Egypt?

Key Takeaways

Several Egyptian companies specialize in manufacturing high-quality FRP (fiberglass reinforced plastic) cable trays for industrial and commercial applications. Key Manufacturers in Egypt

1. TradeKey Suppliers TradeKey lists multiple Egyptian suppliers offering FRP cable trays, also known as GRP (glass reinforced plastic) trays. These trays are lightweight, corrosion-resistant, fire-resistant, and suitable for voltages below 10kV. They provide ladder and perforated types, with polyester or vinyl ester resin systems, and include accessories like bends, brackets, and corbels. Suppliers on this platform offer customizable minimum order quantities and fast delivery options for bulk purchases in Egypt .

2. Sigma Tech Based in the 8th Industrial Zone of Sadat City, Sigma Tech manufactures cable trays, cable trunks, and basket trays, including FRP options. They focus on precision-engineered solutions for industrial and commercial environments, offering durable, flexible, and secure cable management systems. Sigma Tech also provides installation and maintenance services, emphasizing innovation, quality, and reliability .

3. Metal Tech (MT Tray) Metal Tech specializes in cable tray fabrication and metal forming, producing perforated cable trays, cable ladders, and cable trunks. While primarily known for steel trays, they also provide solutions suitable for corrosive environments, which may include FRP options. Their products are designed for high load capacity, easy installation, and long-term durability, making them a strong choice for large-scale electrical projects in Egypt .

4. EMECO Operating since 1984 in 6th October City, EMECO is a pioneer in cable tray manufacturing in Egypt. They offer a wide range of cable management products, including FRP trays, with a production capacity of 400 tons per month. EMECO emphasizes quality, technical support, and multi-product solutions for industrial and commercial applications .

5. Rovana Trade Founded in 2019, Rovana Trade is a leading manufacturer of cable trays and ladders, including FRP solutions. They provide durable, customized systems compliant with ISO 9001 standards, catering to industrial and electrical projects across Egypt and the Middle East. Their products include hot-dip galvanized and electrostatic painted options, ensuring corrosion resistance and long-term reliability .

Considerations for Choosing a Manufacturer

- **Material and Resin Type:** Ensure the FRP trays use suitable resin systems (polyester or vinyl ester) for your environment.
- **Load Capacity and Design:** Ladder, perforated, or solid-bottom trays should match your cable weight and installation needs.
- **Customization and Accessories:** Check if the manufacturer provides bends, brackets, and other accessories.
- **Certifications:** ISO 9001 or other quality certifications indicate adherence to international standards.
- **Delivery and Support:** Consider lead times, installation support, and after-sales service. These manufacturers provide a range of FRP cable tray solutions suitable for industrial, commercial, and corrosive environments in Egypt, allowing businesses to select products based on quality, durability, and project requirements.
