

Estonian Mobile Cable Tray Manufacturer

Overview

Thanks to innovation and improved technology, we have evolved into a one-stop shop for Cable Tray manufacturers.

Key Takeaways

Key Estonian cable tray manufacturers include A-Kaabel, Brilltech Engineers, and Cable House, offering a range of high-quality cable management solutions. A-Kaabel

A-Kaabel specializes in integrated engineering solutions, including the installation of cable trays for both communication and electrical systems. They provide services for high and low voltage systems, fibre-optic networks, and commercial or industrial electrical installations. Their offerings include laying cable trays, underground cabling, and overhead lines, with full testing and certification after installation. A-Kaabel emphasizes sustainable, user-friendly, and future-proof solutions, and provides up to 10 years warranty on installation .

Brilltech Engineers Pvt. Ltd.

Brilltech Engineers is recognized as a cable tray manufacturer and supplier in Estonia, offering galvanized steel, stainless steel, and fiberglass trays. Their products include perforated and ladder cable trays, designed for enhanced airflow, safety, and durability. Brilltech provides customized solutions, installation support, and system design assistance. Their trays are widely used in industrial, commercial, and construction projects, ensuring compliance with international safety standards .

Cable House

Cable House, established in 1983, manufactures and supplies a wide range of cable trays, hose clamps, cable ties, and crimping tools. They focus on customized solutions and high-quality, durable products suitable for both national and international markets. Cable House emphasizes reliable performance, long service life, and customer satisfaction, making them a reputable choice for cable management systems in Estonia .

Summary

For projects requiring mobile or stationary cable tray systems in Estonia, these manufacturers provide a variety of options:

- A-Kaabel: Integrated installation and maintenance services, high and low voltage systems, fibre-optic networks.
- Brilltech Engineers: Galvanized, stainless steel, and fiberglass trays, perforated and ladder types, custom solutions.
- Cable House: Durable cable trays and accessories, customized solutions, international supply capability. These companies offer both products and installation support, ensuring compliance with safety standards and long-term reliability.
