

Fiber Optic Fast Connector Factory

Overview

High Speed Fast Connector-OEM Fiber Solutions CFOFC makes fast fiber optic connectors that are easy to install and very reliable. They are great for teleco.

Key Takeaways

Fiber Optic Fast Connector factories provide pre-polished, field-installable connectors for rapid, reliable fiber optic terminations, ideal for FTTH, LAN/WAN, and data center applications. Overview of Fiber Optic Fast Connectors

Fiber Optic Fast Connectors, also known as field-installable or pre-polished connectors, allow technicians to terminate optical fibers quickly without epoxy, polishing, or fusion splicing. They are designed for high-speed, low-loss connections and are widely used in FTTH networks, telecom, CATV, and data centers. Typical features include:

- Pre-polished ferrules with embedded fiber stubs for precise alignment.
- Mechanical splicing using index-matching gel to minimize insertion loss (≤ 0.3 dB typical) and maintain high return loss (≥ 45 –50 dB).
- Tool-free installation, often completed in 30 seconds to 2 minutes.
- Compatibility with SC, LC, FC, ST, and MPO connector types, supporting single-mode and multi-mode fibers.

- Durable, field-friendly design suitable for indoor and outdoor installations .

Leading Manufacturers and Factories

- Shenzhen Deyou Industrial Co., Ltd.
- Offers high-speed fiber quick connectors for FTTH and last-mile connections.
- Provides SC, LC, and FC types with pre-polished ferrules.
- Focused on fast, reliable field installations and cost-effective solutions .
- CFOFC
- Over 20 years of experience in manufacturing fiber fast connectors.
- Features zirconia ceramic ferrules with CNC-machined V-grooves for precise fiber alignment.
- Supports OEM/ODM services, custom packaging, and bulk orders with fast shipping (7-30 days depending on customization).
- Ideal for FTTH, LAN, data centers, and temporary setups .
- YingFeng
- Industrial-grade field assembly connectors with insertion loss ≤ 0.2 dB.
- Enables plug-and-play installation in under 60 seconds.
- Offers embedded and non-embedded types for large-scale telecom projects.
- Optimized for long-term signal integrity and high-speed networks .
- BWNFiber
- Premium connectors designed for European and American markets.
- Emphasizes precision craftsmanship, certified materials, and high durability.
- Ensures minimal signal reflection and secure fiber placement for high-demand applications .
- Fiberlink
- Provides cost-effective SC, LC, and FC fast connectors for FTTH projects.
- Offers OEM branding, sample orders, and bulk factory pricing.
- Focused on field-friendly, epoxy-free, and polishing-free installation with high reliability .

Applications

- FTTH drop cables for last-mile connections.
- Data centers and high-performance computing for high-density connections.
- Telecom and CATV networks for rapid deployment and maintenance.

- Emergency repairs and temporary setups where fast installation is critical.

Key Considerations When Choosing a Factory

- Connector type and fiber compatibility (single-mode vs. multi-mode, SC/LC/FC/MPO).
- Insertion loss and return loss specifications.
- OEM/ODM capabilities for branding and custom packaging.
- Delivery time and minimum order quantity (MOQ).
- Durability and field installation ease, especially for outdoor or high-density environments. Fiber Optic Fast Connector factories provide a reliable, cost-effective solution for rapid fiber network deployment, reducing installation time and technical complexity while maintaining high performance and long-term stability .

High Speed Fast Connector-OEM Fiber Solutions

CFOFC makes fast fiber optic connectors that are easy to install and very reliable. They are great for telecom networks and security

Wholesale Fiber Optic Fast Connectors | Factory Price | YingFeng

YingFeng has over 20 years of experience in fiber optic connector manufacturing, and is recognized as a global leader in precision

AFL Fast Connect Fiber Optic Connectrs

Fast Connectors feature a pre-stubbed factory-polished ferrule that couples to the fiber being terminated. Precision mechanical

FTTH SC/APC Optical Fast Connector factory | Fiberlink

SC/APC SM Optical Fast Connector is a perfect solution for field working and FTTH connection. It is widely used for where need to

Fiber Optic Fast Connector | Field-installable Connector | SC Connector ...

Fiber Optic Fast Connector Series A Overview LongXing Fast connectors make fiber terminations fast, easy and reliable. These fiber

Fast Connector Direct Factory Fiber Optic Fast Connector for FTTH

Fast connector are factory pre-polished field-installable connectors that completely eliminate the need for hand polishing in the field.

Wholesale Fiber-optic Connectors from Manufacturers, Fiber-optic ...

Dive into our online wholesale fiber-optic connectors products catalog on globalsources ! Source over 323 fiber-optic connectors

Fast Connector Fiber Optic for Sale, FTTH Connector Manufacturers ...

Fast connector fiber optic is a connection device that can be inserted and removed repeatedly between optical fibers, and is also

SC/APC FTTH Quick Connector Optical Fiber Fast Connector

Product Description This kind of Field Assembly Optical Connector is designed for fast and simple field termination of single fiber,

SC Fast Connectors

SC Fast Connectors are pre-assembled, field-installable connectors used in fiber optic networks for quick and efficient termination of

Fiber Optic Fast Connector SC

Fiber Optic Fast Connector SC Overview LongXing Fast connectors make fiber terminations fast, easy and reliable. These fiber optic

FTTH Fast Connectors

FTTH Fast Connectors Fast fiber optic connectors (field assembly fiber optic connectors) is specially designed for FTTH use, we

AFL FASTConnect® SC Connector, Singlemode Fiber, APC

The AFL FASTConnect® SC Connector is a factory pre-polished, field-installable solution that eliminates the need for hand polishing.

Ftth Fiber Hot Melt Quick Connection Sc/apc Fast Equipment

Buy the high quality and highly efficient ftth fiber hot melt quick connection sc/apc fast equipment with our factory. We are one of the

Fiber Optic SC/APC Field-Installable Quick Connector

The SC/APC fast connector are factory pre-polished, field-installable connectors that completely eliminate the need for hand

Marketable Wholesale Fast Connector Maker

Easy to Use Fast Connector Solutions A staple in fiber-optic setups in the field, our fast connectors allow installers to end or establish

Fiber Optic Fast Connector — PROFIBER USA

This connector system eliminates any requirements for epoxy, adhesive or costly curing ovens, with features of installation quality,

The Ultimate Overview of Fiber Optic Fast Connector

At its core, a fiber optic fast connector is a clever piece of engineering that houses a factory-polished fiber stub within
