

Outdoor power distribution box with socket

Overview

Amazon.com: Power Distribution Box Browse power distribution boxes with circuit breaker protection and multiple outlet configurations. Shop durable solution.

Key Takeaways

Outdoor power distribution boxes with built-in sockets provide safe, weatherproof connections for tools, lighting, and garden equipment. Key Features

Weatherproof Enclosures: Outdoor power boxes are typically made from ABS plastic or UV-stabilized polycarbonate, offering impact resistance, corrosion resistance, and protection against sun, rain, and dust . IP Ratings: The Ingress Protection (IP) rating indicates water and dust resistance. Common ratings include:

- IP54: Protection against dust and splashing water
- IP65: Dust-tight and protected against low-pressure water jets
- IP66: Dust-tight and resistant to powerful water jets

- **IP67:** Can withstand temporary submersion, ideal for flood-prone areas
- Sockets and Switches:** Many boxes include built-in 13A or 16A sockets, sometimes with RCD protection for added safety. Options include switched sockets, multiple gang sockets, or smart sockets for remote control .
- Durability and Safety:** High-quality boxes are UL-certified or CE-compliant, fire-retardant, and designed for long-term outdoor use. They often feature hinged covers, internal mounting panels, and knockouts for organized cable management .

Applications

- **Gardens and Patios:** Powering lights, water pumps, or garden tools
- **Construction Sites:** Temporary power distribution for tools and equipment
- **RV and Outdoor Events:** Safe connection for appliances and lighting
- **Security Systems:** Protecting CCTV and other sensitive electronics from moisture

Examples

- **Namunanee Outdoor Electrical Junction Box:** ABS water-resistant enclosure with internal mounting panel and hinged cover, suitable for high-power outlets .
- **RSE Waterproof Distribution Box:** IP65-rated ABS plastic housing, ideal for garden or outdoor socket installations .
- **Daier Outdoor Junction Boxes:** Heavy-duty, UV-stabilized polycarbonate with IP67 rating, suitable for extreme weather conditions .
- **TLC Direct Outdoor Boxes:** Include 2-gang 13A socket strips with IP66 protection for heavy-duty outdoor use . When selecting a box, consider the number of sockets, IP rating, material durability, and intended outdoor environment to ensure safe and reliable power distribution.
