

Professional Stainless Steel Cable Tray Manufacturer in Africa

Overview

Stainless Steel Cable Tray In Africa Looking to buy a Stainless Steel Cable Tray in Africa?

Jeetmull Jaichandlall (P) Ltd. is one of the trustworthy Stainl.

Key Takeaways

Hutaib Electricals, Ned-Tech, Advanced Strut, and CMG are leading manufacturers and suppliers of stainless steel cable trays across Africa. Key Manufacturers and Suppliers

Hutaib Electricals Based in South Africa, Hutaib Electricals has been a prominent cable tray manufacturer since 2001. They offer a wide range of products including cable ladders, wire mesh trays, basket trays, perforated trays, and closed (box) trays. Their stainless steel options include SS 202, SS 304, and SS 316, suitable for industrial and corrosive environments. They also provide accessories such as bends, elbows, tees, and reducers, and can deliver customized solutions with finishes like GI hot-dip, pre-galvanized, powder-coated, and stainless steel . Ned-Tech Operating from Nigeria with distribution networks across Africa, Ned-Tech supplies perforated, ladder, and solid-bottom cable trays made from stainless steel, galvanized steel, and aluminum. They cater to industrial, commercial, and IT/data center projects, offering durable, corrosion-resistant solutions. Ned-Tech emphasizes fast delivery, competitive pricing, and technical support for project-specific requirements . Advanced Strut Advanced Strut in South Africa specializes in metal cable trays and ladders, including 304 and 316 stainless steel options for corrosive environments. Their products are available in pre-galvanized and hot-dip galvanized finishes, suitable for light to heavy-duty applications. They provide perforated trays, wire mesh trays, and cable ladders, ensuring organized and safe cable routing for industrial and commercial installations . Cable Management Group (CMG) CMG offers a comprehensive portfolio of cable management solutions, including perforated stainless steel trays for light, medium, and heavy-duty installations. They also provide complementary products such as conduits, cable glands, ties, and fixings. CMG focuses on high-quality engineering and supports industrial and commercial projects across Africa .

Considerations for Choosing a Manufacturer

- **Material and Finish:** Stainless steel grades (304/316) are ideal for corrosive or outdoor environments.
- **Product Range:** Ensure the manufacturer offers the type of tray required (ladder, perforated, basket, or box).
- **Customization:** Some manufacturers provide tailored solutions for specific project needs.
- **Distribution and Support:** Fast delivery and technical support are crucial for large-scale or time-sensitive projects.
- **Compliance:** Check adherence to regional and international standards for durability and safety . These manufacturers provide reliable stainless steel cable trays suitable for industrial, commercial, and infrastructure projects across Africa, ensuring durability, corrosion resistance, and compliance with quality standards.
