

South African Spectrometer Price Quote

Overview

Buy Spectrophotometers in South Africa – UV, UV-Vis, and color models at competitive prices. Fast delivery across South Africa. Spectrophot.

Key Takeaways

Spectrophotometers in South Africa are available from multiple suppliers, with pricing typically provided upon request based on model and specifications. Suppliers and Options

- Selectech South Africa offers a range of spectrophotometers including UV-Vis, color, and portable models suitable for labs, industrial, and field applications. They provide fast delivery across South Africa and allow customers to compare options to match their specific needs. You can explore their range and request a quote directly through their website.
- LabFriend South Africa stocks professional laboratory spectrophotometers from brands like Cole-Parmer, Biochrom, and Thermo Scientific, including benchtop UV-Vis, micro-volume, and visible spectrum models. They also supply standardized consumables such as sample beakers and cuvettes. Pricing is typically provided upon inquiry, and they can advise on the best model for your research or industrial requirements.
- Afrifusion provides a variety of spectrophotometer instrumentation and encourages customers to contact them directly for detailed product information and pricing.

- Chemical Plus and Laboratory Supplies Company (Pty) Ltd also supply spectrophotometers and lab equipment in South Africa, partnering with global brands to ensure quality . They offer courier services and can provide quotes based on the specific model and quantity required.

How to Obtain a Price Quote

- Identify the type of spectrophotometer you need (UV-Vis, color, portable, micro-volume).
- Contact the supplier directly via their website or email to request a quote. Include details such as intended use, required spectral range, and any accessories or consumables needed.
- Compare multiple suppliers to ensure competitive pricing and availability. By reaching out to these suppliers, you can receive customized price quotes that reflect the exact model, features, and delivery options suitable for your laboratory or industrial application.
