

US Maintenance-Free Cable Tray Manufacturer

Overview

This video was associated with the source search result. Verify technical details against current product documentation and project requirements.

Key Takeaways

Top US manufacturers of maintenance-free cable trays include Atkore's US Tray, MP Husky, Interflex, and several other specialized suppliers offering durable, low-maintenance solutions. Leading Manufacturers

Atkore – US Tray Atkore's US Tray produces made-to-order cable trays built to NEMA standards and UL certified, including wire basket, I-beam, and C-channel designs. Their Quick Latch™ system allows self-splicing without nuts and bolts, reducing maintenance and installation time. Products are made in the USA and comply with Buy America/Buy American requirements, emphasizing durability and airflow to prevent heat buildup and dust accumulation . MP Husky MP Husky is a founding member of the USA Cable Tray Institute and offers a wide range of cable trays including aluminum, galvanized steel, stainless steel, fiberglass, PVC-coated, single rail, and wire mesh trays. Their systems meet or exceed NEMA, UL, CTI, and CSA standards, providing long-lasting, maintenance-free performance across industrial and commercial applications . Interflex USA Interflex specializes in wire trays and flexible conduit systems designed for durability and environmental resistance. Their NYLOFIX and MULTIVIA systems offer easy installation, corrosion resistance, and structural integrity, making them suitable for industrial, commercial, and renewable energy applications . Other Notable US Manufacturers Additional US-based suppliers include Snake Tray, Chalfant Manufacturing, Creative Composites Group, PUPCO, Eaton, ABB, Southwire, and SILTEC, offering a variety of ladder, perforated, solid-bottom, and wire mesh cable trays. Many provide custom fabrication, engineering support, and secondary services such as logistics, installation, and testing .

Key Features of Maintenance-Free Cable Trays

- Corrosion-resistant materials: Stainless steel, aluminum, fiberglass, and PVC-coated steel
- Self-splicing or tool-free assembly: Reduces maintenance and installation time
- UL and NEMA compliance: Ensures safety and reliability
- Customizable designs: Ladder, wire mesh, solid-bottom, and channel trays for specific applications
- Durable finishes: Powder-coated, epoxy-coated, or hot-dipped galvanized for long-term performance These manufacturers provide robust, low-maintenance cable management solutions suitable for industries such as electrical, telecommunications, data centers, manufacturing, and renewable energy. Choosing a supplier depends on material preference, load requirements, environmental conditions, and installation needs.
