

US-based manufacturers of electrical distribution boxes

Overview

Designer & manufacturer of portable outlet boxes made with non-metallic thermoplastic to protect against electrical shock.

Key Takeaways

Top U.S. manufacturers of electrical distribution boxes include Omni Control Technology, Hope Electrical Products, ETA Enclosures, Nema Enclosures, and E•Box, offering UL/NEMA-certified, custom, and industrial-grade solutions. Leading Manufacturers

Omni Control Technology, Inc. specializes in custom junction boxes for electronics, electrical, and mechanical control systems, offering prototypes and contract manufacturing services. Their products are UL listed and designed for industrial applications, with a focus on custom solutions and made-in-USA quality . Hope Electrical Products Co., Inc. manufactures electrical boxes from cast iron, bronze, stainless steel, and cast aluminum. They provide NEMA-rated enclosures (6, 4, 3R, 6P, 4X) including explosion- and weatherproof options suitable for harsh environments . ETA Enclosures USA produces power distribution enclosures for switchgear, transformers, and control panels. Their enclosures feature high-strength steel construction, modular configurations, thermal management options, and compliance with UL, NEMA, and IP standards for industrial, commercial, and utility applications . Nema Enclosures offers custom and standard industrial enclosures made from powder-coated carbon steel, aluminum, and stainless steel. They specialize in low-volume, high-mix projects with fast turnaround, providing UL, C-UL, ATEX, and IECEx certifications. Their online customization tool allows precise specification of size, materials, and features . E•Box has over 35 years of experience manufacturing UL-rated electrical enclosures. They provide rapid lead times, custom sizes, colors, and applications, with a large inventory of finished goods and consigned inventory across multiple U.S. locations. Their sheet metal is sourced and made in the USA, supporting both small and large-scale projects .

Additional Notable Manufacturers

Other reputable U.S. manufacturers include American Wire Group, Selco Manufacturing Corp., Maysteel Industries, Equipto Electronics, and Bull Metal Products, all offering UL/NEMA-rated enclosures, custom fabrication, and specialized services for industrial, utility, and renewable energy applications .

Key Considerations

When selecting a manufacturer, consider:

- Certifications: UL, NEMA, IP, ATEX, IECEx
- Materials: Steel, aluminum, stainless steel, cast metals
- Customization: Size, configuration, modularity, thermal management
- Lead Times: Rapid delivery for urgent projects
- Industry Focus: Utility, industrial, renewable energy, data centers These manufacturers provide a range of solutions from standard enclosures to highly customized electrical distribution boxes, ensuring compliance, durability, and adaptability for diverse applications.
