Key Takeaways

Several Brunei-based companies specialize in customized optical cable solutions, including Dura Sdn Bhd, Syarikat Perusahaan Zaiba Dan Adik-Adik, and Fiber Link SDN BHD. Key Manufacturers and Service Providers

Dura Sdn Bhd is a local company that provides a wide range of fiber optic products and solutions, focusing on cost-effective and high-quality options for end users, contractors, and system integrators. They evaluate products from multiple manufacturers to ensure optimal performance and customization options. Syarikat Perusahaan Zaiba Dan Adik-Adik specializes in fiber optic infrastructure, including planning, design, and implementation of Fiber to the Home (FTTH) networks. They offer turnkey solutions covering route planning, installation, testing, maintenance, and upgrades. Their services also include supplying optical cables and components for both government and private sector projects. Fiber Link SDN BHD has over 20 years of experience in network installation and is an authorized contractor for UNN. They provide services such as FTTX deployment, structured cabling, outside plant cabling, data network design, and OTDR testing. Fiber Link emphasizes safety and quality standards while offering customized solutions for telecommunications projects.

Additional Insights

For companies involved in submarine or large-scale fiber optic systems, ZTT Group has a presence in the region and offers industrial-scale telecom and marine fiber optic solutions, which may include customization for specific project requirements . These companies collectively cover manufacturing, customization, installation, and maintenance of optical cables in Brunei, making them suitable partners for both small-scale and large-scale fiber optic projects.
