

What are some anti-corrosion cable tray companies in Jordan

Overview

Our perforated cable trays are manufactured from high-quality steel, ensuring long-lasting performance and resistance to corrosion.

Key Takeaways

MASEICO, Brilltech Engineers, and Transdelta are notable suppliers of anti-corrosion cable trays in Jordan.

1. MASEICO (Al Masoudia Electrical Industries Co. Ltd.) MASEICO is a leading manufacturer of cable trays, ladders, and supporting materials in Jordan, serving industrial, petrochemical, power, and oil & gas projects. Their products are developed according to international standards and undergo conformity tests to ensure durability and corrosion resistance. MASEICO offers solutions suitable for harsh environments and large-scale projects, with a factory located in Amman for easy access and distribution across the Middle East (MASEICO) . 2. Brilltech Engineers Pvt. Ltd. Brilltech provides high-quality perforated cable trays in Jordan, manufactured from steel with corrosion-resistant properties. Their trays are lightweight, ventilated for better airflow, and designed for industrial, commercial, and data center applications. Brilltech emphasizes cost-effective, durable solutions that meet the specific needs of various industries while ensuring long-term resistance to corrosion (Perforated Cable Tray In Jordan) . 3. Transdelta (Delta brand) Transdelta specializes in cable management systems, including perforated, ladder-type, and basket cable trays. They offer Glass Reinforced Polyester (GRP) trays and ladders, which are highly corrosion-resistant and ideal for chemical plants, marine environments, and other corrosive conditions. Their products are lightweight alternatives to stainless steel and are designed for industrial, commercial, and infrastructure projects (Cable Tray & Trunking) . 4. Other Suppliers Additional suppliers in Jordan provide a range of cable trays, including stainless steel and GRP/FRP options. These include companies offering cable ladders, trunking systems, and supporting materials suitable for anti-corrosion applications (Cable Tray Suppliers Jordan) .

Considerations for Anti-Corrosion Cable Trays

- **Material Choice:** Stainless steel, GRP/FRP, or coated steel are preferred for high-corrosion environments.
- **Project Type:** Industrial, marine, chemical, or outdoor installations require higher corrosion resistance.
- **Standards Compliance:** Ensure the supplier meets international standards and certifications for durability and safety. These companies provide a range of anti-corrosion cable tray solutions suitable for diverse applications in Jordan and the broader Middle East.
